

# **The 4th IT Comics Contest at Vilnius University of Applied Sciences, Electronics and Informatics Faculty**

**Theme: (Mis)Conceptions or Reading In-between the Letters –**

**Deadline: 29 April, 2022**

## **DESCRIPTION**

The contest is held to celebrate World Creativity and Innovation Day!

**PARTICIPATION:** All persons (students and teachers) are eligible to participate in this contest.

## **DEFINITION**

A cartoon is a humorous drawing. This may be a caricature, a parody of a real situation, or simply a picture of a funny situation. The cartoon may consist of one image or take the form of a short comic strip. No moving images allowed.

## **THEME:**

Take a word or few from any life context and create a humorous situation which leads to misconception or misunderstanding : e.g., a cloud, a performance, a digit(e.g. IT context), fringe (hair or clothing design), etc.

**For more ideas check the word list below:**

Cloud, digit, to run (a program), performance, library, thread (multi-thread), cell, conductor, stack (programmer), gates, chip(s), to save, to protect, flag, memory, address, bus, node, page, menu, map, coating, clock, etc. (IT context).

## **ENTRIES**

- Maximum 2-4 submissions/works per person, black and white or coloured.
- The cartoons must contain text regarding any life context.
- Drawings should be made digitally with any computer program or hand drawn/painted.
- Language: English. Each cartoon picture has to be described in few words or a sentence.
- The works must be original. Mind the copyright law.
- Do not forget to write down your name, last name, University (school), study year, study programme and e-mail.

## **PARTICIPATION**

The participant must send his cartoons to all jury members: [o.gibaviciene@eif.viko.lt](mailto:o.gibaviciene@eif.viko.lt) no later than **April 29, 2022**.

## **JURY**

A jury will make a selection from the entries for the digital exhibition and will declare the prize winners.

1. Doc. Loreta Savulionienė (The Vice-Dean of the Faculty of Electronics and Informatics)
2. Milda Kiškytė (The teacher of English Language)
3. Orūnė Gibavičienė (The teacher of Graphical Design)
4. Dalė Neverbickaitė (The Head of Studies Department)
5. Toma Žiliūtė (The students' representative)

## **Prizes**

3 prize winners will be awarded with special prizes. The winner cartoon will be announced via e-mail. In addition, the exposition of all cartoons will be exhibited in the Faculty. The digital cartoon book will be published online.
